Greetings, brothers and sisters in Christ!

Do you still remember when you were new in the church and joined a discipleship group for the first time? While we know you were all excited to step out in faith, probably some of you were shy, felt intimidated, lost in church vocabulary or even felt out-of-place. These feelings are all normal and still true even for our new members today.

As we continue to encourage our new brethren to be part of a discipleship group, our heart's desire is to ensure that they will all feel welcome and acquainted with basic biblical truths as they begin attending Dgroup gatherings.

With this, we need your help to build a simple system that will help foster good relationships with your new members, as well as build their spiritual foundations. Here's a three-point guide (ACE) we would like all Dgroup leaders to follow:

APPOINT

Dgroup leaders should appoint one person from your group to meet with the **NEW** Dgroup member. You may appoint your *Timothy* as this could be a training ground for him/her in starting their own small group.

CONNECT

The appointed Dgroup member will now invite the **NEW** member for a six-week session using the *Real Talk* material. Real Talk is a simple booklet your appointees can use to introduce the Bible's simple truths that can transform their lives forever. You may download a copy of Real Talk via <https://glc.ccf.org.ph/dlworkbooks/real-talk/> or get a physical copy from the GLC booth, 2nd Floor, CCF Center. *(For local and international satellites, if a physical copy is currently unavailable in your area, you may use the online workbook)*

We believe in the effectiveness of having one-on-one conversations. One-on-ones create a safe space and allow a richer discussion with an individual. You may meet over a cup of coffee, a meal or even a warm online discussion.

ENGAGE

Even while the six-week sessions of Real Talk are ongoing, you can have your **NEW** member join your weekly gatherings. This way, the **NEW** member can already get to know all the members and get a clear picture of a discipleship group.

We hope that this will help you build a good, fruitful, and God-centered dynamic in your Dgroup as you welcome new members to your flock. May God continue to give us wisdom on how we can shepherd His people and allow them to grow, serve and bear fruit in Him.

God bless you!
