

CAMPUS FELLOWSHIP

DGROUP IMPLEMENTATION GUIDELINES

Ready to reach more students for Christ in the campus? It's super easy! The Campus Fellowship Dgroup Project resources are designed to help you engage people through campus ministry, building relationships and opening opportunities to share the Gospel and lead them on a discipleship journey in a simple and fun way.

1. Prepare

Everything you need to conduct Campus Fellowship is ready for you! Just click the link <https://tinyurl.com/Campus-Fellowship-Materials> to access the resources— it's completely free!

2. Pray

PRAY and ask the Holy Spirit to guide and empower you.

3. Program Flow

Our campus fellowship is built on three simple elements: **Fun, Family, and Faith**. We start by creating an inviting space with **games or activities** so everyone feels welcome. We then focus on **building a genuine community** where every student feels seen, heard, and truly belongs. Finally, we help students **grow in their relationship with God** through prayer, worship, and exploring the Bible together.

Note: Our campus fellowship is **simple and flexible**, letting you choose activities that meet the students' needs. Just ensure that the three elements is present; **Fun, Family, Faith**. After the fellowship, use materials like **Real Talk** or the **4Ws** (<https://www.ccf.org.ph/4ws/>) for follow-up.

4. Protected Content

We trust that you will not alter any of the content found in these resources! To avoid copyright infringement, please do not edit or replace content, logos, titles, cover page, etc. of the resources.

5. Reporting

Dgroups who will implement the project may upload the results of the project to this link <https://bit.ly/dproject-monitor>.

For any concerns or inquiries about the project, please send us an email at elevatedgroupproject@ccf.org.ph. We pray that through this project, we will reach more and more people for Christ.
